

LEGEND

QUATERNARY	Alluvium	Scree	Moraine material
CARBONIFEROUS	Stephanian	Lebeña formation	Valdeón formation
	Westphalian	Picos de Europa formation	Lechada formation
		Curavacas formation	
		Cervera formation	
		Caliza de Montaña formation	
DEVONIAN	Visean	Alba formation	
	Tournisian	Vegamian formation	
	Famennian	Ermita formation	Videros formation
		Nocedo formation	Murcia formation
	Frasnian	Portilla formation	Cardano formation
	Givetian	Huergas formation	Gustalapedra formation
	Eifelean	Santa Lucía formation	Abadia formation
	Emsian	La Vid formation	
	Siegnian	San Pedro formation	
	Gedinnian	Formigoso formation	
SILLURIAN	Wenlockian	Barrios formation	
ORDOVICIAN	Llanvirnian	Ovile formation	
CAMBRIAN	Tremadocian	Lancara formation	
	Acadian		
INGENUEOUS ROCKS
