

STRUCTURAL MAP OF THE AREA AROUND CABO ORTEGAL (NW SPAIN)

SCALE 1:50.000

LEGEND

- F2 ■ linear structure
- F3 ■ linear structure
- F4 ■ linear structure
- F5 ■ linear structure
(open arrows indicate fold axes)
- ↔ trace of the axial plane of an antiform/synform
- extrapolated idealized structural lines
- subareas referred to n-diagrams 1-15
- - - fault
- thrust
- geological boundaries
accurate inferred

geographically oriented, lower hemisphere diagrams (n-diagrams) with measurements of linear structures - contours at density 1, 3, 5, 7, 10, 15, 20, 30, 40, 50.
